Nature is reciprocal. It is something that we move in and, in turn, become moved by. For this month's competition, sponsored by Patagonia, explore this symbiotic relationship—this dance between people and the places that surround them—through a piece of original environmental writing.

You may write in any genre (e.g. personal essay, opinion piece, poem, song). As you do so, consider how your words can portray this cause and effect, this impact of nature on humans and vice versa. The winning prize is $100."

Whichever extra-curricular program, internship, or community service activity a student may participate in, they should be sure to ask their supervisor/coordinator to write a letter of appreciation before it concludes – it is sometimes very difficult to obtain this later on. And the more personal & detailed the letter, the better. A copy should then be submitted to your counselor.

Please feel free to contact Harvey Blumm at hblumm@stuy.edu with any questions or feedback on any items in this message, or with any suggestions or concerns you may have. **And always feel free to share any information about opportunities that may be of interest to our parents, teachers, or students.**
